

# INSTRUCTIONS FOR BUNGALOW FAN KIT

**What's in the Box:** (1) Fan Base Kit - includes top and bottom, (4) Screws, (4) Nuts

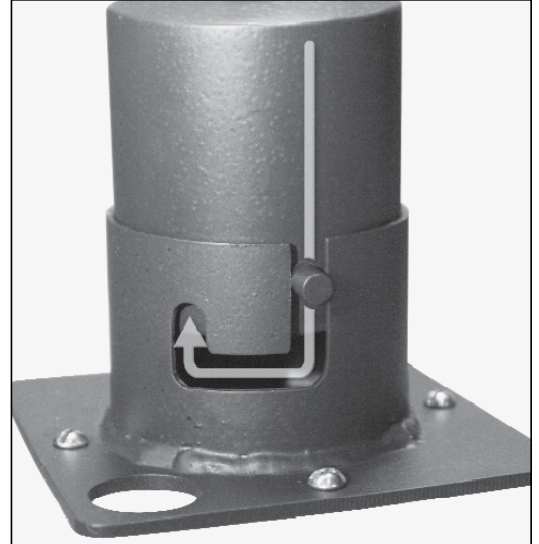

**Step 1.** Tighten top half of fan kit into base of peak hub.

**Step 2.** Assemble ceiling fan (sold separately) according to manufacturer's instructions and attach it to the bottom of fan.

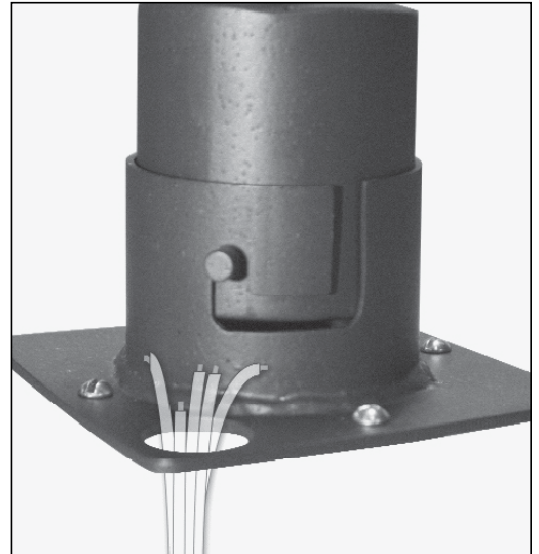

**Step 3.** Attach bottom portion of fan base assembly to the top by matching guide tabs into the locking detent. Push base upward, turn counter clockwise until guide is fully inserted into detent.

**Step 4.** Make sure that guide is locked into its final position.

**Warning:** The fan base assembly must be seated in the locked position or injury will occur.

**Step 5.** Make Wire ceiling fan according to manufacturer's instructions through hole provided in the bottom plate.

**Note:** All electrical code compliance is the owner's responsibility.
